

COUGAR COACH
STUDENT ADVOCACY PLAN - SMS

The Cougar Coach Program at Simons Middle is a program in which students select a teacher or staff member to be an advisor to them while at Simons Middle School.

At the beginning of the school year students select their top three choices for Cougar Coach and are assigned at least one of those team members.

The ultimate goal of the Cougar Coach Program is to ensure that all students in the building have a relationship with an adult who can not only help them academically but also assist them if they need help beyond academics.
