

FCS Science Professional Learning Day (June 2, 2017)

Evaluation Report

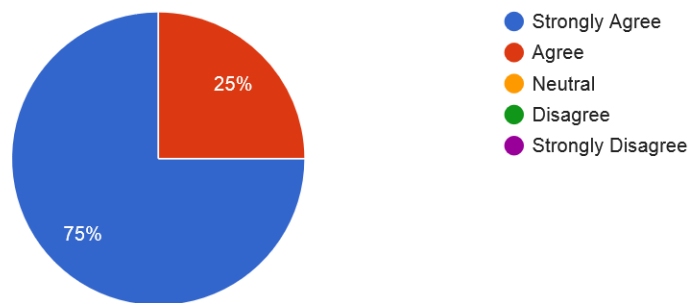

The session agenda was well-planned and the presenter was organized and prepared.

12 responses

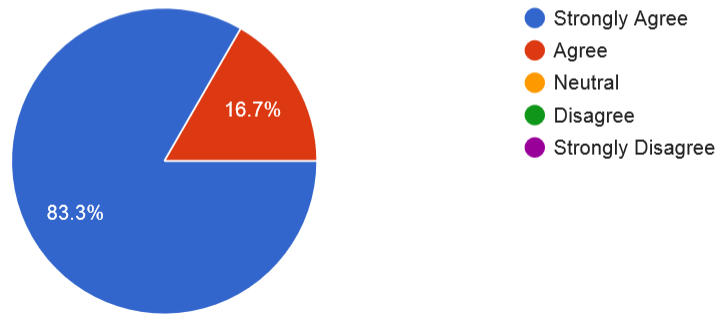

The presenter engaged the participants and was knowledgeable in the content.

12 responses

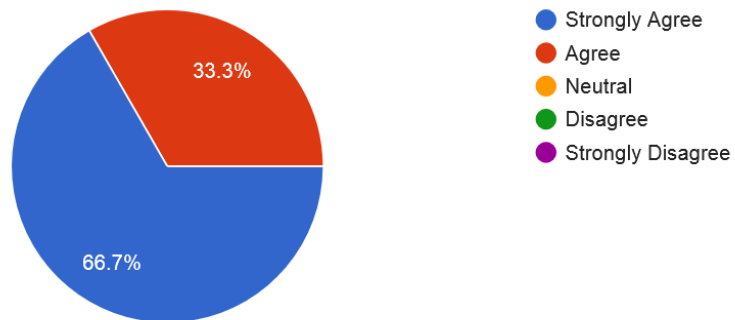

The session addressed district/school needs in the content.

12 responses

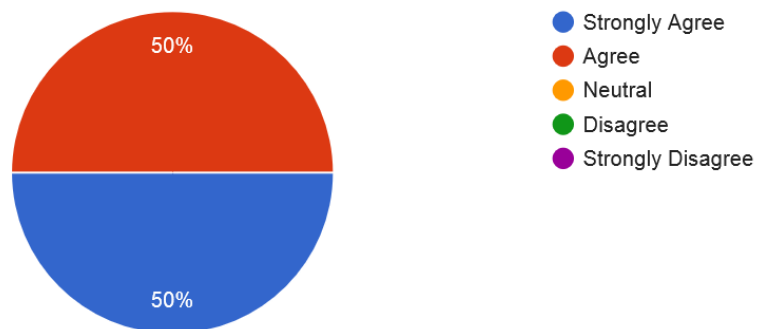

The session addressed my individual needs as a teacher of this content.

12 responses

The materials/resources provided in this session were of high quality and will aid in effective instruction.

12 responses

What additional training or follow-up is needed?

6 responses

More ideas for phenomena. (2)

Mrs. Bowling could do another PD to share any new materials or resources available

The implementation of the standards of the teachers and the evaluation of successes and failures.

Would love to keep up with presenter to pass ideas by her

The training was great and was very beneficial.
