Subject: Quality Assurance
Attachments: Progress Report.docx; StandardsforQualitySchools.pdf

Good Morning,

I hope you have enjoyed your holiday.

Attached is the copy of the Quality Assurance Progress Report as well as the Standards for Quality School from AdvancED that the team will be using as we begin looking at the district review in more detail. The team does have a few requests to the district team to ensure effectiveness in this process. The requests are as follows:

- Please make sure all documents are linked to the Standards for Quality tab on the district website. This will make the process for the team checking district progress more efficient.
- Currently there are only three pieces of evidence under 1.3. No other indicators have evidence. Moreover, our first meeting did not allow us to give the district a progress score on any indicator due to lack of evidence.
- Below is the schedule of when each indicator will be reviewed by the team. Please communicate to the parties responsible for that indicator to ensure that evidence is available before the review date. Each indicator will be reviewed twice and the last meeting (one week prior to the state review) the team will holistically review all 5 standards.
- We would also like for three laptops to be available in the board room with internet access so each team member will have the technology readily available to review the evidence.

January 12th: Standards 1 and 5

January 27th: Standards 2 and 4

February 9th: Standard 3

February 26th: Standards 1 and 3

March 2nd: Standards 2, 4, 5

March 9th: All Standards

Please let me know if you have any questions.

Stephanie Emmons

Principal

Flemingsburg Elementary School
